MSSI Receives 8(a) Certification

Huntsville, AL – Millennium Systems, Services Incorporated (MSSI), a Huntsville based company, was awarded a 8(a) program certification from the Small Business Administration on July 25, 2002. This certification culminates an extensive application and review process validating all corporate management, personnel, purchasing, contracting, and accounting policies and procedures.

The Small Business Administration's (SBA) 8(a) Program was created in 1974 to help minority and other small disadvantaged businesses (SDB's) to grow through a program of Federal contracting preferences and set-asides. Through the 8(a) program, eligible firms can be awarded Government contracts on a sole-source, non-competitive basis. The Federal government awards over \$6 billion in sole-source and set-aside contracts to 8(a) certified firms each year.

MSSI is a service disabled veteran owned small business providing logistics and programmatic services support to the US Government, the Department of Defense, and other service contractors.
