MSSI Completes UTES#3 Communications Project

Huntsville, AL –Millennium Systems, Services Incorporated (MSSI) completed the installation of Telephone, Fiber-optic, and Category 5 cabling and certification at the UTES#3 Patriot site at Redstone Arsenal for the Alabama National Guard.

MSSI provided all underground fiber-optic, key card access, video and telephone cabling, category five wiring, termination and switching for the site. The patriot site required over three thousand feet of underground fiber-optic and telephone cable and a like amount of interior category five and telephone wiring. The project was completed on time and on budget to the complete satisfaction of the customer.

MSSI is a service disabled veteran owned small business providing logistics, technical and programmatic services support to the US Government, the Department of Defense, and other service contractors.
